OUTLOOK OF BUSINESS

Conditions Now Favorable for an Early Improvement.

COMING ELECTION DELAYS PURCHASES

Hardening Tendency of the Money Market—Mercantile Collections Continue to Slow—Cotton Mills Running, But Their Stock is Accumulating.

New York, Oct. 17.—Bradstreet's weekly review of the condition of business will, to-day, say: While the volume of general trade has not increased materially, new conditions are favorable to an early improvement. Notwithstanding many interior merchants prefer to wait until after election before placing orders, features of the business week are the continued advance in price and strength of wheat and the maintenance of a large volume of wheat exports, notably to India and Australia. While wool is no higher, holders have sold enough to render them indifferent to immediate business, and are holding stocks for full figures. While new orders for iron and steel products are not being placed freely, they would be if makers would accept current quotations for 1897 delivery. Southern pig is 25 cents higher, and, notwithstanding the growing export trade in iron and steel has been checked by higher ocean freight rates and cut prices by German steel makers, it is anticipated that within three weeks the domestic demand will meet exportations.

Hardening Tendency in Money Market.

Unfavorable weather early in the week was more effective than usual in depressing general trade, owing to light interior stocks and merchants being in the habit of ordering for immediate wants only. A hardening tendency in money emphasized the situation. Mercantile collections continue difficult to make, except in the larger spring wheat states and adjacent territory, where collections have been easier on the advance in and free shipments of wheat. Cotton goods continue in unsatisfactory demand. Mills are running on full time, but stocks tend to increase again, as jobbers and other wholesalers are slow to pay the advance asked while having over-priced stocks on hand. Depression in woolen goods continues, the mills running being on part time or on samples. Prices continue the upward tendency of several weeks past. Sheepskin, southern pig iron, wheat, wheat flour, canned goods, Indian corn, oats, pork, coffee and print cloths being higher, petroleum lower and cotton anticorrosive oil, lumber, sugar and various finished products of iron and steel unchanged.

Speculative Interests Awaiting Election.

Speculative interests in the New York stock market show a general disposition to curtail engagements, pending election. It has been possible in the latter part of the week to secure a large number of long positions, the latter predominating. Bears have taken advantage of the latter part of the week to depress prices and the market is now in a state of uncertainty. The most interesting feature is the narrowing of the money market, due to the decision of the Federal Reserve Bank to raise the discount rate to 4 per cent. This has caused a general panic to sell their positions. Large gold certificates are now being sold at 100,000, having been at 100,000 last week. This week, however, they are at 99,000, this week, 6 per cent less than last week. This is the first time in the second week of October, 1896, and 28 per cent less than in the corresponding week of 1895. The increase, as contrasted with the corresponding week of 1894, is 4.6 per cent, and as compared with 1893, nearly 6.4 per cent. The total number of business failures reported throughout the United States is 279, twelve fewer last week, ten less in the second week of October, 1895, but twenty-six more than in the corresponding week of 1894. As compared with the second week of October, 1893, this week's total shows a decline of sixty-one.

St. John's Custom House Robbery.

St. John's, N. F., Oct. 17.—Investigation of the recent robbery at the custom house shows that the condition of the department was rotten to the core. The accounts contain no trace of the sum stolen. The police believe that a gigantic system of peculation has been practiced. The whole colony is shocked by the revelations, which it is believed surpass last year's smuggling scandals.

Miss Armstrong Acquitted.

New York, Oct. 17.—The trial of Miss E. Armstrong on the charge of robbing the mails while acting as assistant postmistress at North Tarrytown, N. Y., was begun and finished in the United States circuit court here yesterday. The jury on the first ballot rendered a verdict of not guilty.

Steamer Palestina a Total Loss.

St. Johns, N. F., Oct. 17.—The British steamer Palestina, Capt. Harder, from Rotterdam, October 5, via Sunderland 7th inst., for Baltimore, which went ashore at Bay Bulls, ten miles from this city, Thursday morning, has broken apart and little or nothing of the vessel can be saved.

PRESIDENT LINCOLN'S HAT.

End of a Suit for Possession of the Beaver He Wore When Assassinated.

Washington, Oct. 17.—The hat which President Lincoln wore the night he was assassinated in Ford's theatre, this city, was the subject of a controversy in the district court which ended yesterday afternoon in a judgment for the custodian of the museum of Lincoln relics contained in the house where the martyred president died. The evidence in the case disclosed these facts: The hat, now a rusty beaver, was presented by Mrs. Lincoln to the Rev. Dr. Phineas D. Gurley, then pastor of New York Avenue Presbyterian church, who preached the sermon at the funeral of the dead president. After Dr. Gurley's death the hat was placed on exhibition by his son in the patent office, whence it disappeared after some years. It was next seen in the Smithsonian museum without the card stating that it was a loan from the Gurley estate. At that time it was seen by representatives of the Gurley estate, but they made no effort to reclaim it until some years later, when it had been transferred to the Lincoln Relic museum. Judge Cole held that this delay was fatal to the Gurleys, under the operation of the statute of limitations, that having then failed to assert title they could not now do so.

MAYOR GLEASON'S CITIZENSHIP?

The Question of His Eligibility to Office Before the Attorney General.

Albany, Oct. 17.—Mayor Patrick Jerome Gleason and the question of his eligibility to the office he now holds consumed but a few minutes of the time of Attorney General Hancock yesterday afternoon. Nothing that has not already been published was brought out at the hearing, which was on a petition of certain citizens of Long Island City requesting the attorney general to begin an action to test Mayor Gleason's title to his office on the ground that he was not a citizen when he was elected mayor last year. The petition is based on the ground that when Mr. Gleason was first naturalized years ago he had mis-stated the year of his birth. A few weeks ago on learning from a birth register the exact year of his birth Mr. Gleason again secured naturalization papers. The petitioners claim that Mayor Gleason was not a citizen previous to his taking out the second naturalization papers and upon this the present proceedings are based. Mayor Gleason's attorney is given until Monday to file a reply. The attorney general expects to announce his decision next week.

NEW YORK EXCISE LAW.

Its Provisions Regarding the Sale of Liquor on Election Day.

Albany, Oct. 17.—State Excise Commissioner Levan has received many inquiries regarding the operation of the new excise law and the keeping of liquor on election day. The law prohibits the sale of liquor on election day, but in one quarter of a mile of any voting place where there is a hotel. The excise department holds that this does not prevent hotels from selling liquor under a hotel license to their guests on election day, nor does it prevent restaurants from selling liquor to their patrons. In determining the distance of one-fourth of a mile, the prohibition law, the department holds that the nearest point must be taken by an air line from the polling place to a saloon or hotel by the way of roadways and streets between the two places.

To Indemnify Sufferers in Crete.

Washington, Oct. 17.—In connection with the distressed state of affairs in Crete which is just now exciting so much European solicitude, Minister Terrell writes the department of state from Constantinople that in conformity with the understanding arrived at between the signing parties and the missions of the six great powers, an over-tax of custom dues of three per centum will be collected on the goods imported to Crete, in order to indemnify those who have suffered losses during recent events.

National Democracy in Connecticut.

Hartford, Oct. 17.—State Secretary Mowry has decided to make no reply to the protest of Alexander Troup, state chairman of the silver democratic party, against the name "national democracy" on the gold democratic ballots. The secretary simply supplies the paper for the ballots, and does not print them.

Palmer and Buckner in the South.

Mobile, Ala., Oct. 17.—Gens. Palmer and Buckner and their party left this city at 7 o'clock this morning, and will make short speeches at Scranton, Ocean Springs, Biloxi, Mississippi City and Bay St. Louis, reaching New Orleans this afternoon, where great preparations have been made for their reception.

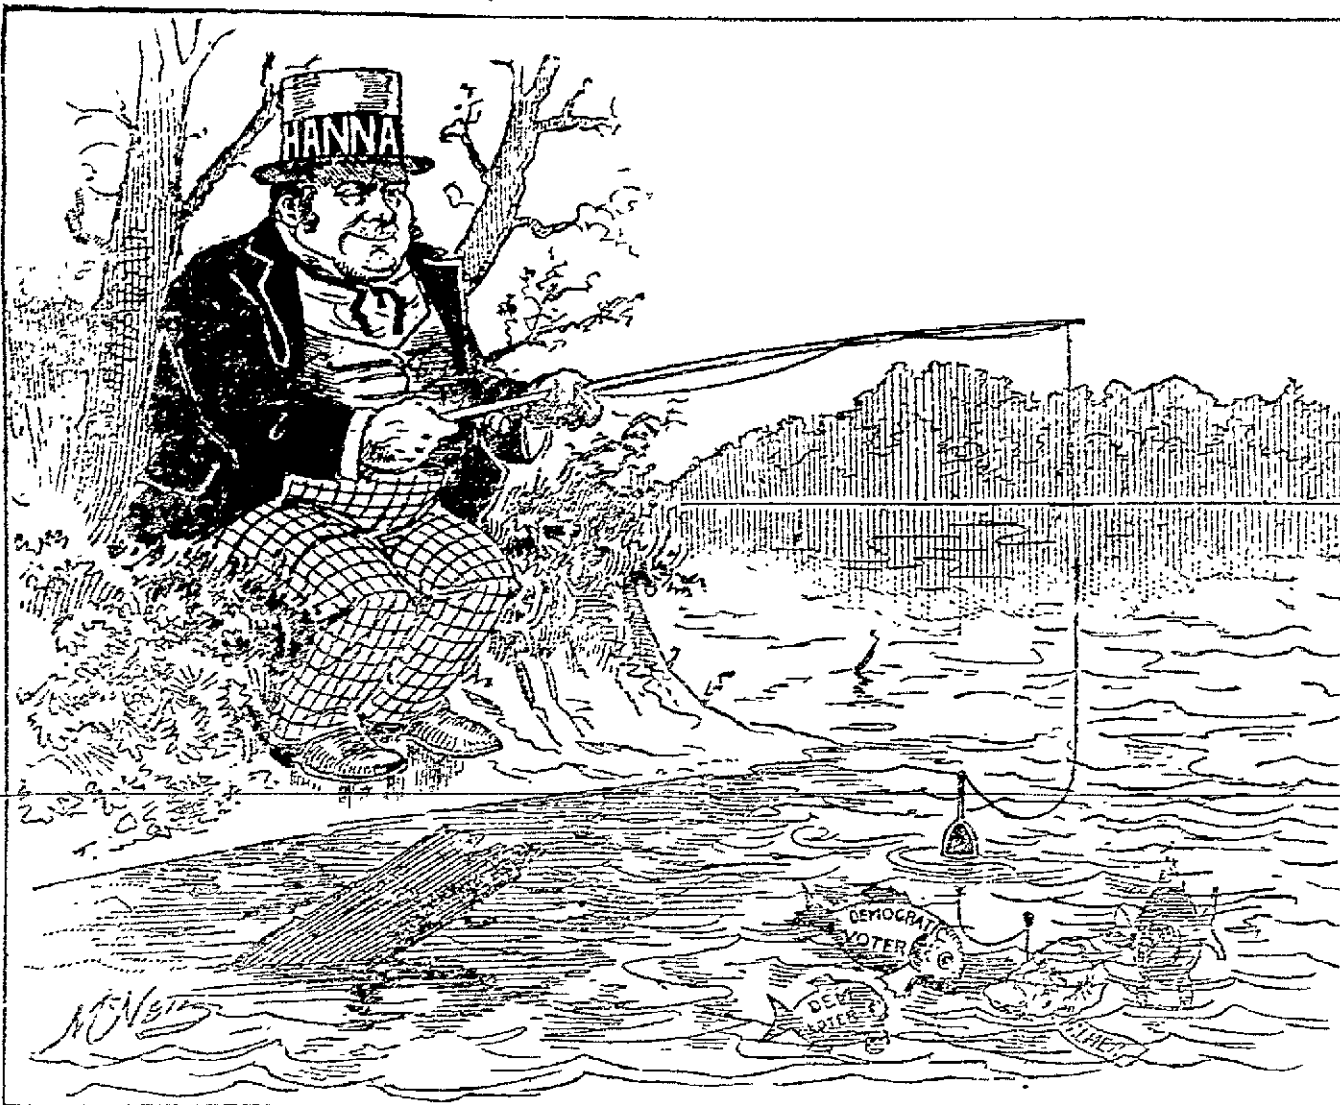

Congressman Joy Renominated.

St. Louis, Oct. 17.—Congressman Charles E. Joy has been renominated by the republicans of the Eleventh congressional district.

To Meet at Columbus, O., Next Year.

Washington, Oct. 17.—The Union Veteran league will meet October 14 and 15 and 16 next in Columbus, O.

FISHING FOR SUCKERS.

If the Democratic voter swallows that bait, where will he land?

—Chicago Dispatch.

JUDICIAL SCANDAL.

Several Justices of the Peace in Washington Likely to Be Removed.

Washington, Oct. 17.—The attorney general has taken cognizance of a scandal that has long prevailed in this city. It has been well understood for a long time that a suit for debt brought before almost any one of the justices of the peace in Washington would result in a verdict for the plaintiff in every case where there was a chance for collecting the money, and the impression has been widely spread that the attorneys practicing before these courts "pooled their issues" and divided their fees. Attorney General Harmon, it is officially stated, is now considering the question of recommending the removal of certain justices of the peace of the District of Columbia, upon the report of the examiner who recently investigated their methods in cases of landladies against tenants, to recover possession of rented property. It appears from the report that the practice of issuing summonses in such cases without the sworn complaint in writing of the owner being first filed, which is in direct violation of the statute, has been the common practice of some of the justices. It also appears from the report that this law is very much abused; that it is used to obtain possession of property, but merely as a process to enforce the payment of rent; that in many cases judgment by default is given as a matter of course without proof, and that the effect of this misuse of the judicial process is to work great injustice on the poorer class of people.

CATHOLIC DIGNITARIES.

Gathering in New York of the Great Prelates of the Roman Catholic Church.

New York, Oct. 17.—The presence here of some of the highest dignitaries of the Roman Catholic church in America is the one great theme of conversation in religious circles. The arrival of Archbishop Ireland of St. Paul and Bishop McGoldrick of Duluth at the Fifth Avenue hotel yesterday were the latest additions to the distinguished company. Among the topics under discussion were the meeting of the board of directors of the Roman Catholic university which will be held at Washington next week, the election of a rector to succeed Bishop Keane, the forthcoming meeting of the archbishops of the United States and the departure of Cardinal Satolli for Rome. The cardinal was a passenger on the steamer Kaiser Wilhelm II., which sailed from Hoboken this morning at 10 o'clock. Bishop McGoldrick was seen by a reporter this morning. He said: "It is folly for any one to predict what will be the outcome of the meeting of archbishops. As to Bishop Keane's successor it is idle to talk or to make predictions."

TO BE EXPELLED FROM BRAZIL.

Action Against a Correspondent of the London Times.

Rio de Janeiro, Oct. 17.—The chamber of deputies has requested the president to expel the London Times' correspondent from Brazil. This action is presumed to be on account of a dispatch from this correspondent, recently published in the London Times, reporting that a commercial and financial panic prevailed in Brazil, and that a moratorium might be declared. The statements of the dispatch were promptly contradicted by Brazilian officials.

TOUR OF UNION GENERALS.

Gen. O. O. Howard and Party Making Campaign Speeches in Ohio.

Columbus, O., Oct. 17.—At the big republican meeting held here last night Gen. O. O. Howard, Daniel E. Sickles, Russell Alger, G. C. Stewart, D. A. Maradan, Corporal Tanner and Major Durst were the speakers. A feature of the evening was the parade which preceded the speech making. While the clubs were forming the horse ridden by Col. Geo. D. Freeman, chief marshal of the parade, fell, throwing the rider under him. Col. Freeman's skull was fractured, his right leg broken and he is thought to be fatally injured. Guarnan Kuriz has made special arrangements for the entertainment of the union generals during their stay in Ohio. The party crossed the border into the state from the west at Cincinnati. They will go from here to Zanesville, State and Railroad Commissioner Kirtley will have charge of the train. To the rear of the special is a flat car carrying a cannon, which will be fired to introduce the evening trip.

The Castles Still in Seclusion.

London, Oct. 17.—Mr. and Mrs. Walter Castle of San Francisco, accused of shooting and who were released on \$150,000 bail, are still in seclusion, refusing to see any one and even the officials of the United States embassy are ignorant of their address. Counsel for Mr. and Mrs. Castle say that the latter is in a precarious condition. She has been violently hysterical and the constant attendance of physicians has been necessary.

Hart Held for Trial.

Philadelphia, Oct. 17.—The hearing of John D. Hart of this city, who is charged with being connected with a recent Cuban filibustering expedition on the steamer Laurada, was resumed yesterday afternoon before United States Commissioner Adams. After an extended argument the commissioner held Hart in \$2,000 bail for trial at the November term of the United States court.

Promotions in the Navy.

Washington, Oct. 17.—President Cleveland has just signed commissions making promotions in the navy as follows: William W. Gilpatrick, to be commander; Lloyd Rankson and John G. Townesey to be naval constructors with the rank of first lieutenant. In the case of Gilpatrick the commission comes too late, he having died several weeks ago.

Indian School Supply Contracts.

Washington, Oct. 17.—The contracts for furnishing fruit to all Indian schools have been awarded as follows: To Hartwig & Bennett of New York, 75,000 pounds apples, at 4 1/8 cents per pound; 82,000 pounds prunes at 4 6/10 cents per pound. To Walter T. Chandler of Chicago, 68,000 pounds of peaches at 7 1/10 cents per pound.

Loving Cup for Courtney.

New York, Oct. 17.—In appreciation of his thirteen years of efforts to make the Cornell crew a success, professional coach Charles Courtney was presented with a magnificent silver loving cup last evening by the Cornell University club of this city.

The Philippine Islands Outbreak.

Barcelona, Oct. 17.—Two thousand infantry embarked here yesterday to reinforce the Spanish troops in the Philippine Islands.

MR. BRYAN'S CAMPAIGN.

The Democratic Nominee Speaks to Large Crowds in Michigan.

Lansing, Mich., Oct. 17.—Excursionists from Grand Rapids, Detroit, Battle Creek, Jackson, Ann Arbor, Hillsdale and many other places came to Lansing last night to hear William J. Bryan, and the capital city was full of visitors when he arrived at 7 o'clock. Flambeau clubs on horse and afoot escorted him from his train to Mead's hall, where he addressed a meeting exclusively for women. The second speech was delivered on a canopied platform in Hotel square. A great crowd of people were there, but Mr. Bryan's voice was husky and could not reach very far. Later, however, from the brilliantly lighted balcony of a hotel, he addressed an audience equal in numbers to that on the capitol grounds. Mr. Bryan's voice sounded clearer from his commanding position on the balcony. Then he went to the armory, a spacious building and spoke to those packed within its walls and concluded the evening at a big tent which was also crowded. There was little, if anything new in Mr. Bryan's Lansing speeches. In fact, but one from which Mr. Bryan drew a lesson to about 7,000 people early in the afternoon had not been so far as sections are concerned might have occurred. Mr. Bryan introduced the candidate and the talker was in the midst of a speech when the trial stand from which he was speaking collapsed, carrying with it Mr. Bryan and a score of others. The crowd had hardly time to know what had occurred before it saw the nominee pick himself up and jump on a table to continue. Nobody was hurt. Mrs. Bryan, who usually sits on the platform with her husband, leaning over him, remained on the ground.

Executive Committee L. A. W.

New York, Oct. 17.—The executive committee of the League of American Women met last evening at the Astor hotel. It was decided to appropriate \$10,000 for the good roads and river improvement meeting which will be held on the first day of the national assembly at Albany on February 2. The treasurer's report showed a balance of \$14,999.91 on hand.

He Died for Love.

Toronto, Oct. 17.—The young man who committed suicide yesterday afternoon by jumping from Rosedale bridge into the ravine, over 100 feet below, has been fully identified as Justin W. Clemens, bookkeeper for the Preston Furman company, Preston, Ont. Clemens left a note saying: "I die for love, and entertain no ill will to any one."

Run on a Willimantic Bank.

Willimantic, Conn., Oct. 17.—Owing to a run on the Willimantic Savings institution, during which \$70,000 has been withdrawn, the directors of the bank have issued a statement in which they announce their intention of taking refuge behind the "four months' notice" law. The cause of the run is not yet known.

British Steamer Lost on the Rocks.

St. Johns, N. F., Oct. 17.—The British steamer Abbeymoore, Capt. Swap, which sailed from South Shields, October 6, for Baltimore, in ballast, went ashore on Renews island, forty miles south of St. Johns last evening during a thick fog. The crew were saved, but the ship is going to pieces fast.

CAPTAIN SAVED HIM

Plucky Steamship Master Protects a Passenger at Havana.

HIS SURRENDER WAS DEMANDED

The Vessel Was Not Permitted to Leave Port Until Consul-General Lee Took Matters in Hand—More Fighting in the Interior.

Havana, Oct. 17.—The police authorities here detained the New York & Cuba Mail steamship Vigilancia, which was to have sailed hence at 11 o'clock Thursday night for Vera Cruz, on account of the refusal of her master, Capt. McIntosh, to deliver to the police an alleged Spaniard, who came from New York on board the steamer enroute to Mexico. Consul-General Lee was informed of the facts and he approved of Capt. McIntosh's refusal to surrender his alleged passenger. The affair was finally settled and the Vigilancia sailed last night with the passenger on board. Col. Aguilera reports that his cavalry command of 151 men has had an engagement with 350 insurgents, commanded by Delgado and Pizarro, at Cangre, near Madruga. The insurgents were entrenched behind stone fences, but they were dislodged by the Spaniards and they retreated to the Economica estate, where they engaged in battle and were defeated by Aguilera's men. The insurgents, according to Col. Aguilera, left forty of their number dead on the field, and despite the official statement that they were "completely routed," they carried many of their wounded with them. As the Spanish loss was two killed and four wounded. Two of the latter are lieutenants.

GOLD IN THE TRANSVAAL.

More of the Yellow Metal Unmined Than Now in Use Throughout the World.

Washington, Oct. 17.—There is more gold in the Transvaal fields ready to be mined than the amount now in use throughout the world, according to Dr. George F. Becker, the chief expert of the United States geological survey, as regards precious metals, who has recently returned from Johannesburg where his exhaustive investigations were in progress at the time of John Hay Hammond's trial. Most of the Americans there, including Hammond, had formerly been assistants or pupils of Dr. Becker, and in a great measure, his telegrams to Secretary Olney insured impartial trials to our citizens. In a lecture last evening before the National Geographical society on the Witwatersrand and the Transvaal, Dr. Becker declares that the primary cause of the troubles in the Transvaal was the lack of sympathy between the extremely commercial, industrial foreigners or "Uitlanders" and the buccle Boers. The Boers had made repeated and extraordinary struggles for freedom from English rule and regarded the influx of English to Johannesburg as a new and insidious form of aggression. Their distrust of the English was excusable on historical grounds. The English, he said, had not pursued a policy of deliberate oppression in South Africa but they had made many blunders, with effects as bad as if their motive had been evil. Dr. Becker said began in 1857. Since then the town of Johannesburg has grown up with 50,000 whites and as many colored inhabitants, according to a census made last year. The number of Boers in the Transvaal is probably only about 125,000 souls. The Boers had no plot against the independence of the republic, the idea being to lighten the administration into redress of grievances, or at most to substitute for a more liberal administration for the present one. Hammond's announcement that he would raise the British flag was made only after he had crossed the border in violation of an explicit agreement with the leaders. It came as a great shock to the reformers, and Hammond, the only American among the leaders, immediately demanded and obtained an oath of allegiance to the Transvaal flag from all members of the reform committee. Had he failed to take this step the punishment subsequently awarded to the reformers could have been much more severe. There were seven Americans among the reformers, but none of them were in the slightest degree implicated in any attempt to overthrow the republic; they took their punishment like American men and have done nothing to forfeit the respect of their countrymen.

—Tagboat Burned.

Fredericksburg, Va., Oct. 17.—The tug Dupont from Baltimore, belonging to the American Tug company in command of Capt. Charles Ellinghouse, was burned during the night about twenty-five miles below here on the Rappahannock river while towing a fleet of barges to this city.

—Journey of the Czar and Czarina.

Paris, Oct. 17.—The czar and czarina arrived yesterday at Homburg, where their majesties laid the foundation stone of the proposed new Russian church at this place. Empress Alexandra, who is staying at Homburg, accompanied the czar and czarina upon their arrival.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before prompt efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant laxative, Syrup of Figs, promptly cures. That is why it is the only remedy with millions of families, and everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

WOMEN VOTE

FOR PRESIDENT.

For the first time in the history of this country an opportunity for women to publicly express their choice for president is offered. The method is unique and will result in showing on Nov. 4th just what effect the woman's vote will have on national affairs.

A manufacturer who has business relations with most of the prominent newspapers in the United States, proposes the plan as follows:

All women over eighteen are entitled to one vote. The votes by states will be shown in the papers on every Wednesday and Saturday until Nov. 4th. Women are requested to read more than one side of the question and act upon their own judgment. Write the name of candidate on a postal card and write your own name and address clearly, also city and state. On the lower left hand corner give the name of a banker or grocer who knows you.

This precaution is to prevent flooding the mail with fictitious votes.

Names unknown to grocer or banker will be thrown out. Be very careful to write clearly and an acknowledgment of the receipt of each vote will be sent to the fair voter. Send the postal to Postum Cereal Food Co., Battle Creek, Mich. It is urged that every earnest woman will not hesitate to expend a penny to register her preference at this most interesting period of National history.

This company have a national reputation and pledge their integrity and honor to report the vote exactly as received, without fear or favor. A sworn statement of the final vote polled up to 7 p. m., Nov. 4th will be published Nov. 7th and the vote as it progresses will be shown on every Wednesday and Saturday between now and then.

BUREAU UNDER THE GAMBRIL.

How One Woman Solved the Problem of an Ugly Space.

A practical young matron recently found herself confronted in the evolution of her country home by the ugly slant in the bedroom walls made by a gambrel roof. The bedroom had no lath or plaster on the walls—simply rafters and clapboards—and to place a bureau, or indeed, any piece of furniture against this inclined plane of ugliness was to make an awkward effect at once. Calling upon a carpenter, she ordered him to put in bureau drawers across the whole side of the room under the gambrel, carrying them up to about half the distance between floor and ceiling. The lowest drawers were, of course, very deep, extending far in under the eaves; they were delightful depths, in which you could lay the skirt of a dress, folded once. Each drawer above decreased gradually in size until the last were small receptacles for handkerchiefs and gloves—the little things which make a "glory hole" of the most top drawers.

A ten-inch shelf, neatly beveled along the edge and made prettily neat with frilled muslin covers afforded more space than is usual for the necessary toilet, silver, cut glass bottles and powder box. The one broad window on that side of the room, with a Grecian latticed casement, looking out upon the water, immediately became a fascinating window recess by reason of the building out of those deep bureau drawers. With an upholstered platform and a rug it is a haven not only of comfort, but of picturesque effect.

To create a floor with a white patterned carpet of blue and white, the carpet was laid on the whole room, leaving the "glory hole" bed, the bureau drawers and the platform. The carpet was laid on the whole room, leaving the "glory hole" bed, the bureau drawers and the platform. The carpet was laid on the whole room, leaving the "glory hole" bed, the bureau drawers and the platform.

MAKING UP MUSLIN SKIRTS.

Two Convenient Ways of Putting in the Lining or Foundation.

There are two ways of making up the skirt of a muslin gown, and each is equally correct. Either the muslin may be made up as a separate overskirt, and this is probably the more satisfactory fashion, or it may be tacked to the skirt underneath and laid with it into each of the seams. This plan, however, it will readily be seen, is not quite so convenient for a washing muslin, but if batiste or some biscuit-colored grass lawn be chosen then it may be made up with the foundation, a condition of affairs which naturally leaves no risk of the muslin stretching.

If the two skirts are made up separately the underskirt must be stiffened about ten inches up at the foot in front, and at the back the stiffening must be carried right into the waist. It is undesirable to add greatly to the weight for summer wear, and in this case the underskirt need not necessarily be lined all the way up. The stiff linings—and if it is not to be covered, tailors' canvas in white is the best fabric to use—could be stitched to the silk upon the front and sides, while it would be let into the waist of the back widths, which are well geared to remove all superfluous fullness at the waist and to allow of the whole of the three back widths being arranged in two small box plaits at the waist. The underskirt must be mounted on a hump, and the muslin skirt can be gathered and tacked on to it, a ribbon band encircling the hump of the skirt; this band can be removed in a few moments when the skirt requires to be changed.

Another plan for mounting the muslin skirt in a convenient and simple manner is to use a lining of French crepe, which can be tacked upon the underskirt and to keep it in place. In any case both skirts must cover the waist stage where they are turned up at the foot, as to do this correctly it is most essential that the thin skirt should be hung over its properly finished underskirt, and the use of turning it up over the top one will prevent the muslin skirt from drawing such a tight strain of crepe. An iron and a pair of pliers will be necessary to draw the crepe over the muslin skirt, and a full of it is placed at the waist on a muslin cushion. The muslin skirt is cut in the crepe and hence does not lower edge where the crepe is tucked, while they are whipped at the waist and drawn up with very slight fullness. Black and brown valances are best, as they are unobtrusively plain and the former is a little smarter. A fourth book muslin the effect of it is really excellent.—San Francisco Chronicle.

Famine Threatened.

London, Oct. 17.—The viceroy of India has cabled to the government that owing to the lack of rain the crops in northern India, in several districts of central India and in Upper Burma, have been seriously damaged, and that unless rain falls shortly a famine will be inevitable.

A Bryan and Sewall Club with 250 members was organized in Newburgh, last night.

In spite of the boasts of Hanna and Quay that McKinley will carry Indiana, the betting is five to four that the State will go for Bryan.

Hannum B. Hubbard, who was nominated for Justice of the Supreme Court by the gold Democrats of this district, has declined the nomination and the goldites will have to try again.

William J. Bryan while in Congress not only voted for the uniform car conder bill, but made a strong speech in its support. Railroad brakemen were years in an attempt to get the necessary legislation for this great safety appliance, and in securing the law they owe much to the Democrat presidential candidate.

They are campaigning on queer lines in Sullivan county. The Republicans are urging the re-election of School Commissioner Wright on the ground that under his administration it has become possible to hire teacher at lower rates of wages than have prevailed for six or eight years. Such an "argument" may catch the votes of a few penny-squeezers, but no decent man begrudges any teacher the pittance she can earn and will not be likely to vote for a commissioner who has helped make the lot of any woman struggling to support herself harder than it is.

Whenever an idle factory starts up or one increases its output, the Hamilton papers promptly attribute it to "confidence in McKinley's election." A newspaper that will print such an obvious insult to the intelligence of its readers. Every one except those so densely ignorant as to accept as truth such a preposterous statement knows full well that men who are investing their money in big enterprises do not base their expecta-

tions of business success upon anything so uncertain as the result of a presidential election, more especially in a year like this when no living man can forecast the outcome of the battle of the ballots. The truth is, as every sensible man knows, that business will go on in this country whatever the result may be. With the success of Bryan and the restoration of silver to its proper place in our monetary system there is every reason to believe that a new impetus will be given to manufacturing and all other business. There will no longer be an incentive to hoard money because of its fictitious value as compared with property and it will be put to its legitimate use—the carrying on of the business of the country and not as the medium by which the government is held up whenever the greedy syndicates determine to rake in a few extra millions.

So much nonsense has been printed in Republican papers concerning the United States Supreme Court and the "crime" of criticising its decisions that it is refreshing to hear a Republican paper, the Buffalo Enquirer, talking plain facts and hard sense and saying: "When the Supreme Court keeps the beaten path, the presumption is against criticism; but when it disregards precedent, reverses its own decisions and denies the sovereignty of the United States in a matter in which it has been exercised at very important crisis, it is time for the people to watch it closely and submit its action to the severest tests of the discussion." It is one thing to regard a court with reverence and a very different thing to regard it with superstition and so long as its decisions stand as the law of the land there is no reason why any individual or any party, which is merely an aggregation of individuals should not doubt their wisdom or their justice. And this is especially true when a decision is reached by a bare majority and is subjected to bitter invective by members of the court itself.

FREE SILVER SENTIMENT GROWING

Alleged Says Bryan Will Carry Illinois But Will Be Elected Without It.

NEW YORK, Oct. 17.—Atgled, in an interview declared he is confident that Bryan and himself will carry Illinois. The free silver sentiment is growing tremendously in the middle west. It is untrue he has been trading Bryan votes for votes for himself. He was always confident both would carry Illinois but Bryan could win without Illinois.

Atgled further said the Republican claim to carry Illinois or Chicago is ridiculous.

ARRESTED FOR SWINDLING RAILROADS.

St. JOSEPH, Mo., Oct. 17.—Berea, chief clerk to General Manager Robinson, of the St. Joseph and Grand Island Railroad, arrested on the charge of obtaining passes from many railroads by fraud, and disposing of them to brokers, is released on bail. The Erie was among the roads swindled.

HOW TO VOTE.

Plain and Simple Directions—The Law Interpreted by the Attorney-General.

Attorney-General Hancock, in an opinion written Tuesday, gives the following simple directions to voters:

An examination of the law makes it apparent that in order to vote a straight ticket a cross mark is to be made in the circle at the head of the party column. A split ticket may be voted in either of two ways:

1. By omitting a cross mark in the circle and making a cross mark in the voting space before the name of each candidate for whom the elector desires to vote on whatever ticket the name may appear.

2. By making a cross mark in the circle above the name of the party, some of whose candidates he desires to vote for, and also making cross marks before the name or names of any candidates in other party columns for whom the elector wishes to vote, in which case his vote must be counted for every candidate under the circle except the candidates before whose names the elector has made his cross mark in other party columns. The candidate or candidates so individually marked in other party columns must be deemed the choice of the elector and his vote counted accordingly.

A HANDCAR STOLEN.

An Annual Occurrence on the Crawford Branch of the Erie.

A handcar was stolen from the house at Bullville, last night. This is an annual occurrence, and as soon as it is known people along the line of the Crawford Branch begin to tie up their store or house has been burglarized.

Thus far no burglaries in that locality have been reported.

A telegram notified Engineer Mintram of the Crawford train at Pine Bush, to look out for the car, and it was found by him beside the track about 300 yards north of Crawford Junction.

The opinion seems to be that Middletown parties were out on the branch, last night, for some purpose, good or bad, and that they stole the car to ride home.

THE TRANSVAAL GOLD FIELDS.

The almost fabulous stories about the richness of the Transvaal gold fields are confirmed by Dr. George F. Becker, of the United States geological survey, who has just returned from an investigation of the region made for a private company. He declares his belief that he has seen there the most stupendous gold deposits of the world. He believes there are \$3,500,000,000 of gold in the reefs within fifteen miles of Johannesburg. He declares that gold is now coming out at the rate of \$100,000,000 a year, and thinks that before long the output of these mines will equal that of all the rest of the world.

THE AMENITIES OF POLITICS.

From the Ellenville Press.
Mr. Ketchum, the Republican candidate for Congress in this district, is so deaf he can't tell what is going on in the House, and during the last Congress he just arranged to have his vote recorded whenever the Republicans wanted it. That is a nice kind of representative to vote for! He was generally absent, but he is just as good absent as present. A wooden cigar store Indian could fill the seat just as well.

In combination, proportion and process Hood's Sarsaparilla is peculiar to itself, and unequalled in true merit. No other medicine ever possessed so much curative power, or reached such enormous sales, or made such wonderful cures, as Hood's Sarsaparilla. It is undoubtedly the best medicine ever made to purify, vitalize and enrich the blood.

That is the secret of its success.

Read this statement:
"When my son was 7 years of age, he had rheumatic fever and acute rheumatism, which settled in his left hip. He was so sick that no one thought there was any help for him. Five sores broke out on his thigh, which the doctor said were

Scrofula

sores. We had three different doctors. Pieces of bone came out of the sores. The last doctor said the leg would have to be cut open and the bone scraped, before he could get well. Howard became so low that he would eat nothing, and one doctor said there was no chance for him.

"One day, a newspaper recommending Hood's Sarsaparilla was left at our door. We decided to try this medicine. Howard commenced taking it the last of February, after having been sick for a year and a

Cured

half. He hadn't taken it a week before I saw that his appetite began to improve, and then he gained rapidly. I gave him five bottles, when the sores were all healed and they never broke out again. The crutches he had used for four years were laid aside, as he had no further use for them. I give all the credit to Hood's Sarsaparilla." Mrs. Anna L. Moody, Fay Street, Lynn, Mass.

This and many similar cures prove that

Hood's Sarsaparilla

is the One True Blood Purifier. All druggists, \$1. Prepared only by C. I. Hood & Co., Lowell, Mass. cure Liver Ills; easy to take, easy to digest. 25c.

LIVE LOCAL TOPICS.

Prof. Leeds at the Casino, to-night.
Don't fail to see Prof. Leeds at the Casino, to-night.
Apples of prime quality are being sold in this city by farmers for only a dollar a barrel.
To-night will be the last opportunity to witness the wonderful power of Prof. Leeds over his subjects.
The Bryan and Sewall banner is again proudly floating in front of the Times office, on James street.
If tomorrow is a fair day, a grand raid will be made on chestnut trees in the vicinity of this city by boys and men.
A force of 200 men is employed in making improvements at the Pennsylvania Coal Co.'s docks in Newburgh.
Wilson & Co., of Pennsylvania, are about to open a manufactory of sheep shears in the old knitting mill at Wadsworth.
A plan for the elevation of the Erie's tracks through Jersey City has been submitted to the city officials. The cost of the work will not be less than \$1,000,000.
Over 600,000 barrels of apples have been exported to Europe this year, but the large shipments have had no perceptible effect on raising the price in the home market.
Although it was a poor year for pumpkins, George Barnes, of Franklin, Delaware county, raised one that was over six feet in circumference and weighed over 100 pounds.
The State Board of Charities has decided that the management of the Chango county poor house, where an inmate was beaten and buried alive by an employee, does not need investigation.

ANNUAL MEETING.

Of the Orange County Agricultural Society—Officers Elected and Other Business Transacted.

The annual meeting of the Orange County Agricultural Society was held in Newburgh, yesterday.

The annual report of Secretary Morrison was read.

He referred to the different departments for purposes of comparison. Incidentally there was a recommendation that the horse exhibit be made more prominent, and that each day's programme should include something to please the many people whose interest centres upon the horse exhibit. The total number of entries this year was 6,081, being 857 more than last year. The total number of premiums awarded was 3,400, amounting to \$85 more than last year. The total number of members of the Society is 504, of whom 158 are ladies. Eight States are represented in the membership. Two hundred and ninety-five of the members reside in or near Newburgh.

Treasurer H. M. Waring reported the balance on hand at last report \$925.16. The receipts have been \$11,747.05. Disbursements, \$10,872.47. Balance on hand, \$874.58. Other bills are yet to be paid from, which will reduce this balance, but the State money this year will be \$2,600.

The resignation of Leander Clark, who has held the office of General Superintendent for twelve years, was read and referred to the Board of Directors and Managers.

A committee of three from the Middle-town Board of Trade, Messrs. A. J. Hornbeck, C. L. Elwood and Z. K. Greene, asked that, if the Society should change the location of the fair, the matter might be left open until a committee to be appointed by the Society might confer with the Middletown people.

A letter from W. B. Royce, of Middletown, in the same vein, was read by President Denniston.

As the matter is decided by the Board of Managers, there was no action on this. President Denniston stated that the Messrs. Ramsdell have extended the lease for the grounds in Newburgh, so that they can be used if so desired.

Officers were elected as follows:
President—Augustus Denniston. Seventh year.

Vice-Presidents—Benj. C. Sears and W. D. Barnes.

Secretary—D. A. Morrison. Fourth year.

Treasurer—Harry M. Waring.

Sidney H. Sanford, Warwick, Henry M. Howell, Newburgh, and C. Emmet Crawford, Middletown, were re-elected directors.

Theodore Moore, of Mount Hope, and Horace D. Thompson, of Wallkill, were elected directors.

At a private meeting of the directors it was decided to appoint a committee of seven to meet the Board of Trade in this city, and to look elsewhere for a site for the fair.

President Denniston and Secretary Morrison are members of the committee. The other five have not yet been appointed.

The Newburgh Press says: In the meantime the Directors have leased the present fair grounds for another year, and it would not be a great surprise, should the fair be held in this city again next year.

THE BICYCLE PARADE.

The Attendance Not Large—The Winners of the Prizes.

The bicycle parade at the Campbell track, came off this afternoon, according to the programme, although we regret to say that the attendance was not as large as it should have been considering the attractions—the parade and horse races. The threatening weather had doubtless much to do with keeping people away. The following were the prize winners:

LADIES' DECORATED WHEELS.

First prize, fancy banquet lamp. Hattie Hulst.

Second prize, pair of vases. Mrs. Geo. Morzoff.

MEN'S DECORATED WHEELS.

First prize, pair of opera glasses. Chas. M. Langh.

Second prize, sweater. W. H. Johnson.

First prize, dress suit case. Herford Clark.

Second prize, twentieth century bicycle lamp. J. Cummings.

LADIES' FANCY COSTUMES.

First prize, onyx table. Mildred Crawford.

Second prize, framed etching. Lillian Motey.

SPECIAL PRIZES.

For best decorated tandem, two silk umbrellas. Hulse and Swazy.

For most graceful lady rider, handsome oak rocker upholstered in silk tapestry. Hattie Loveland.

Trick riding, bicycle suit. Mortimer Hulse.

A Brand New Swindle.

A smooth talking swindler is doing Dutchess county, taking orders for cheap tea. When ten pounds has been purchased the buyer is to have his or her choice between seven kinds of jewelry or a painting. The tea always proves worthless, and the man never comes around a second time with either tea or prizes.

WILL WIN EITHER WAY.

Out in Oklahoma, Alice Younger has agreed to marry Thomas Stanton if Bryan is elected, and Thomas Stanton has agreed to marry Alice Younger if McKinley is elected. This is the only locality yet reported where the election betting seems to be even.

REGISTER TO-NIGHT.

To-night is positively the last chance for the voter to register. The man whose name is not on the registry by 9 o'clock, this evening, will lose his vote and will become so far as the approaching election is concerned, as if he were not a citizen of this country. It will take but a few minutes to go to the polling place in your ward or district and see that your name is inscribed on the books. Do not neglect the matter, but go at once. Every man should express his opinion at the ballot box, but in this city he must personally see that his name is registered before he can vote. To-night is the last chance.

LIBERTY DEPOT BURNED!

The Handsome Structure Almost Totally Destroyed This Morning.

The handsome depot of the Ontario and Western Railway Company, at Liberty, was almost totally destroyed by fire, this morning.

The only person about the building during the night was the night operator, and he has not yet sent in his report.

The last heard from him on the wire was when he reported train 38 to the Dispatcher's office at 4:30 o'clock, this morning.

Nor long afterwards the circuit was broken and it was not until nearly 7 o'clock that the dispatcher was notified from Liberty Falls that the fire had occurred. The operator at Liberty had

walked to that station and sent the message from there.

It is reported by trainmen that about 4 o'clock the operator heard a noise in the direction of the furnace room, which was in one end of the building and made a tour of investigation, but saw nothing wrong, and that he knew nothing of the fire until it burst into his room, and that he then ran out and gave the alarm and assisted in removing the books and tickets from the office. The local ticket case was saved, but all others were destroyed, together with most of the contents of the building.

The building was built of pine and after the fire started it burned rapidly and was very soon beyond control. All of the main building was destroyed and only the baggage and express rooms, each of which were detached and a portion of the shed over the platform were saved.

The building was almost new, having been erected in 1892 at a cost of twelve thousand dollars.

A WELCOME HOME.

Excelsior Hook and L. Co.'s Welcome to Its President and His Bride.

A special meeting of Excelsior Hook and Ladder Company was held, last evening, the object of which was to appropriately welcome and congratulate the President of the company, F. A. R. Prunk, who returned with his bride from their wedding journey, last evening. Twenty members marched in a body to his residence on Mulberry street, where they were greeted by his mother, who invited them to enter. President Prunk introduced his bride, after which Vice President C. C. Lutes, on behalf of the company, presented the bride couple with a handsome Turkish smoking chair, "built for two." Mr. Prunk responded in his usual happy vein, and the delegation departed.

Several pounds of Greek fire were burned in front of the houses as an appropriate ending to a very pleasant visit.

Thrown From a Horse and Killed.

Henry Cornell, an employee of Charles Clepper's livery stable in Newburgh, was thrown from a horse which he was exercising, yesterday morning, and so badly injured that he died that afternoon.

Catawba's Thanksgiving Eve Dance—Register To-day—At St. James's Church To-morrow—Ladies' Whist Club—That Game of Football.

From Our Regular Correspondent.

The Catawba dance, which will be given on Thursday evening, will probably not be given at Music Hall, as a dramatic entertainment is billed for that hall on that evening.

—Be sure that you are registered to-day. That is, if you happen to be a voter.

—Geo. H. Mills is at Bloomburg, Pa., where he is acting as starter at the Columbia County fair.

—William W. Tenthill, of New York city, is spending a brief vacation with his parents in this village.

—To-morrow morning at St. James's church, Brother Gilbert, Superior of the Order of the Brothers of Nazareth, will give a description of his work at the various homes of the order.

—The Ladies' Whist club will meet at Mrs. Duryea's, next Wednesday afternoon, at 2:30 o'clock.

—The postponed game of football between the Coshen Scholastic and the Newburgh High School teams, will be played at the Driving Park on the afternoon of October 31.

AT LAKE MOHUNK.

Enjoying the Beauties of Autumn at the Popular Resort.

The following ladies and gentlemen from this city went to Lake Mohunk, today, where they will spend Sunday:

Mr. and Mrs. E. Millen, Mr. and Mrs. F. O. Tompkins, Mr. and Mrs. J. W. Stinson, Messrs. Geo. H. Decker, G. N. Clemons and H. K. Wilcox; Miss Flora Horton; the Misses Horton of Brooklyn, and Mrs. Alice Knapp, of Deposit.

At Mohunk they will be joined by Judge and Mrs. J. J. Beattie and Mr. and Mrs. F. H. Campbell, of Warwick, and Mr. and Mrs. W. Vanamie, and others from Newburgh.

INSPECTORS HAVE LESS POWER.

Some Very Excellent Features of the New Election Law.

Inspectors of Election are robbed of some of their former power under the new election law, and it is one of the worst features of that law. It is this:

Only a Justice of the Supreme Court can decide whether a ballot is void or not.

Another feature of the new law should not be forgotten, which is that the ballots must be preserved after election day not tucked into the stove, as was done in one district in this city not many years ago.

A Jolly Straw Ride and Party.

A party of twenty couples went on a straw ride to Campbell Hall, last night. They enjoyed themselves at the home of Miss Blanche Slaughter by playing cards and dancing. They returned home at 4 o'clock, this morning. The party was driven over in two wagons by Hirst and Wilkinson.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

A BIRD HOSPITAL.

The Feathered Patients of a Queen
Boston Insultation.

Parrots Predominate and Keep the Place
in an Up-to-date with Their Prattle—
Smart Sayings of the
Saucy Creatures.

"Doncher, wunter, doncher wunter?" was the quick interrogative, and—"Don't I want to what?" was the equally quick reply.

"Why, doncher wunter kiss me, you fool!" shouted the parrot.

The lady bent over the cage, and the parrot, a century old bird in its sublimity, gave her a kiss on the cheek, and then, with a look of satisfaction, it turned its head and said in a doubtful way: "Well, I don't know."

A few persons know that there is a bird hospital in Boston in Mount Vernon street, and few know how interesting it is until they visit the convalescent ones in their boarding house.

In the ward of the hospital there was a colony of aristocratic birds from the Back Bay and Brookline housed for the summer. Their mistresses had gone off to the seashore or mountains, and some had crossed to the old world, but their feathered pets were summering in the West End, left by charge of atmosphere the tiny things contract asthma or bronchitis, for birds have lungs, and very delicate ones, too, and while in days gone by, like the babies of the slums, it was the survival of the fittest, to-day they are sent to a bird physician, who, by treatment, restores vitality to the feathered flesh and sends the warbler back to its home as fat as butter, with its plumage as yellow as gold. And, by the way, the healthy canary is notable for the yellowishness of its plumage, and may rightly be set down as an advocate of the gold standard.

The bird hospital on Mount Vernon street has existed for five years, and some of the birds there have been willed to the keeper of the birds' boarding house with a fund sufficient to maintain them during their "mortal sojourn." As the aged preacher would say, There are 60 of them housed in comfort, and by spending an hour among them one learns many of their curious ways.

Some of the canaries have bells hanging in their cages, and one of them has the habit of telling everyone about that he is cross by pulling the bell. The more ferocious he feels to his fellow-birds and his mistress the harder he tugs away at the bell.

But there is another kind of "bell," and this time it is spelled "belle." They call her "Juliet," for she is such an unconquerable flirt; indeed, some of the more prudent birds whisper more awful names than that about her character, for wherever Juliet goes a half-dozen or more of her male admirers follow her, and she has caused considerable jealous feeling in at least one bird colony, and she's quite a young one, too. Her imprudence has been the cause of several changes in her domain lately. She has even been confined to a solitary cell as a means of discipline.

"Doody," another parrot, sings a curious ditty, conspicuous for its want of rhythm, but he enjoys it and laughs heartily over his production of "Doody, Doody, puttin' and pie; when the girls come out to play, Doody, Doody runs away."

The letter "P" in girls bothers his vocal organs, and while he is trying to sing it he twirls it out as if it were the smoke from a cigar, until his falsetto tones are piped so high that he loses himself and bursts forth in a peal of laughter intensely suggestive, and then goes on with his story.

There are canaries by the dozen, and rated at all prices; parrots and parakeets, male birds, which indicate their name to perfection by their stubbornness, and a beautiful Virginia nightingale, which every traveler in the south would recognize as the little fellow that sings after dark in the rice fields of his native state but is still as a mouse by day.

"Tippie," one of the merriest and most active of the parakeets, is constantly singing, "I'm a quiet little Tippi," even though the people about him declare he is not.

The parrots, of course, claim all attention, because of their ability to express language, and one of them actually recites "Twinkle, twinkle, little star," in very audible tones. The habits of the birds are so much like those of human beings that it is their delight to sit at the window and look out at the passers-by as if they really understood what they saw, and they are so jealous that if one is more petted than another they show their displeasure by flapping their wings against the sides of their cages.

In the matter of bathing there is a great difference with birds. Some just risk about in their bathtubs, and chirp and sing with delight, and others are too indolent to bathe at all. In the latter case they have to be bathed like babies every day.

All save a couple that had come in during the day for treatment were in splendid condition when the Herald reporter saw them.

The effects of their country home have certainly been beneficial.—Boston Herald.

Ministers Should Use Dr. Miles' Heart Cure.

There is no profession, whose members so severely tax the nervous system, as that of the ministry. The over-employment of the nerve centers of the brain by overwork, frequently brings on attacks of heart trouble, and nervous prostration.

Rev. J. P. Kester, M. D., Pastor U. B. church, London Mills, Ills., himself a physician, writes Feb. 2, 1896: "Heart affection and nervous prostration had become so serious last fall that a little overwork in the pulpit would completely prostrate me."

Dr. Miles' Heart Cure

Restores Health.....

November 1 I commenced taking Dr. Miles' New Heart Cure alternately with Dr. Miles' Nervine and derived the greatest possible benefit. I have just closed revival work of 10 weeks, preaching nearly every night and twice on the Sabbath. I can speak for hours without suffering as I formerly did. Hard working ministers should keep Dr. Miles' grand remedies on hand."

a million killed
would make no impression on the number of the germs of consumption that exist in one affected lung. All germs are little enough, but those which cause consumption are very minute. Cod-liver oil won't kill them. We don't know a remedy which will. The germs float in the air and we can't keep from breathing them into our lungs. Then why don't all of us have consumption? Because a healthy throat, sound lungs, and a strong constitution won't allow the germs to gain a foothold.

Scott's Emulsion
of Cod-liver Oil, with Hypophosphites, restores and maintains the strength, heals inflamed membranes and prevents serious lung trouble. This is why it is the food-medicine in coughs, colds, loss of flesh, and general debility.

SCOTT'S EMULSION has been recommended by the medical profession for twenty years. (Ask your doctor.) This is because it is always palatable—always uniform—always contains the purest Norwegian Cod-liver Oil and Hypophosphites.

Put up in 50 cent and \$1.00 sizes. The small size may be enough to cure your cough or help your baby. All druggists.

Just as Good as not
SCOTT'S EMULSION.

Ma Knows Her Business.
Schoolteacher—Now, Master Thompson, tell me the denominations into which the money of the United Kingdom is divided.

Master Thompson—Don't know.
Schoolteacher—Don't you know how the money your father brings home every Saturday night is divided?

Master Thompson—"Taint" divided; mother takes it all.—Tit-Bits.

A Gallant Referee.
Lady—Mr. Dubois, I shall feel obliged if you will kindly settle a wager. My husband says it is only 50 feet from here to the beach, and I say it is a hundred.

Mr. Dubois—Well, I think you are both right. It's about a hundred of your feet and 50 of your husband's.—Tit-Bits.

A Discussion of Crops.
Dey tells me in de country dat success in de berry days
Depen's er heap on what yeh goes an' undertakes ter raise.

An' lots er young men's winter meet wif trouble, shes yer born.
A-rasin' ob de ante when dey should be raisin' corn.—Washington Star.

Illustrating an Old Saw.
Jinks—It's hard teaching an old dog new tricks.
Filkins—I suppose that's right.

Jinks—Now, there's Phillips, for instance. After a dozen years at photography he's turned dentist, and it's simply impossible for him to avoid telling his patients to please look pleasant.—Brooklyn Life.

Where He Drew the Line.
"Can you warrant the horse to be perfectly gentle?"
"Gentle? He wouldn't but his eye if he met a procession of bloomer girls in red."

"He wouldn't? Then I don't want him. I'd like to see even a horse have some sense!"—Chicago Tribune.

Hit the Bull's Eye.
"Dunn is a good shot, isn't he?"
"Very good. We were practicing with our guns at my country place the other day, and he hit the bull's-eye the first time."

"Very clever."
"Yes; but he had to pay for the bull."—Tit-Bits.

Her Weakness.
Clarence Youngblood—It is said that old maids are very fond of cats; I wonder why that is so?

Miss Moreyears—Not having a husband, she naturally takes to the next most treacherous animal.—Washington Times.

A Fatigue Search.
"Bachery, why don't you find some good woman and form a matrimonial alliance?"

"What I want in that line is a silent partner, and I've been seeking in vain for one for the last ten years."—N. Y. Press.

At the Theater.
Her hat was large, but—joyous truth!—
Her eyes were just as large.
Before her sat a football youth
With a head of flaming hair.
—Washington Star.

WITTY WEARY WATKINS.

Weary Watkins—Ain't you afraid of having 'pendicitis?

Mosley Wraggins—No. Why?

Weary Watkins—Thought maybe you were; you're looking so seedy.—N. Y. Herald.

Apply Quoted.
He put his arm about her.
The maid was tightly laced;
"I see," she said, "your young
Affection runs to waist."
—Bay City Chat.

Fire-side Confidences.
"If I should die you would never get another wife who would look after you as I have done."

"No, not if I could help it."—Chicago Record.

The Only Glean of Charity.
"How did the critics treat Jingo's music?"

"Um. Well, the kindest thing they said about it was that it was not original."—Washington Star.

Know by Experience.
"I wonder why it is she always seems to imagine that married people are unhappy?"

"She has a husband herself."—Detroit News.

An Endless Chain.
First Summer Girl—How long do you think an engagement should last?

Second Summer Girl—Well, I usually see that each of nine lasts until I get another one.—N. Y. Press.

A Short Cut to Health.
To try to cure constipation by taking pills is like going around in a circle. You can never reach the point sought, but only get back to the starting point. A perfect natural laxative is a certain Celery King, the celebrated remedy for all nerve, blood, stomach, liver and kidney diseases. It regulates the bowels. J. J. Chambers, 57 North street. Large bottles 25 cents and 50 cents.

They are so little you hardly know you are taking them. They cause no griping, yet they act quickly and most thoroughly. Such are the famous little pills known as DeWitt's Little Early Risers. Small in size, great in results. W. D. Olney.

CASTORIA
For Infants and Children.

The famous signature of **Dr. J. C. Feltch** is on every wrapper.

A Deception Easily Practiced
is the offer of a reward for "any case of catarrh not cured" by certain "cures." Nothing is said regarding the number of bottles required, and therein lies the deception. Ely's Cream Balm is an elegant preparation, agreeable to use, and immediate in its beneficial results. It cures catarrh. You can rely upon the fact that it contains no mercury nor other injurious drugs. 50 cents.

Many political speakers, clergymen, singers and others who use the voice extensively, rely upon One Minute Cough Cure to prevent hoarseness and laryngitis. Its value as a preventative is only equalled by its power to afford instantaneous relief. W. D. Olney.

Mothers Everywhere Praise It.
GILBERTSVILLE, N. Y., Dec. 31, 1895.—"Dr. Hand—I want every mother to know what a wonderful medicine Dr. Hand's Colic Cure is. Our little girl two months old has been troubled terribly with Colic. A friend recommended Dr. Hand's Colic Cure. I find it just what it is claimed to be and would give five dollars a bottle rather than be without it." Mrs. Hubert Strait. Dr. Hand's Remedies for Children sold by all druggists. 25 cents.

An Important Question.
If your friends or neighbors are suffering from coughs, colds, sore throat or any throat or lung disease (including consumption), ask them if they have ever used Ott's Cure. This famous German remedy is having a large sale here and is performing some wonderful cures of throat and lung diseases. J. J. Chambers will give you a sample bottle free. No matter what other medicines have failed to do, try Ott's Cure. Large packages 25 cents and 50 cents.

For Over Fifty Years
Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while teething. It is a safe and reliable remedy for all children's ailments. It is a safe and reliable remedy for all children's ailments. It is a safe and reliable remedy for all children's ailments.

Chronic constipation is a painful, disagreeable and life-shortening difficulty. It deranges the system, causes sick headache, bad breath, and poisons the blood. It can be readily overcome by DeWitt's Little Early Risers. These little pills are great regulators. W. D. Olney.
